## *Dedication*

The Senior Class of Nineteen Hundred and Fifty-Two wishes to dedicate this, our annual, to the dearest people on earth to us. It is they who have made our education possible. They have been patient and understanding in all of our shortcomings. They have guided us this far in our lives. We now take this opportunity to express in a little way our great love for them and to express our gratitude for all they have done for us. So it is with humble hearts that we dedicate this annual to our dear parents.

## Class History

In September, 1948, we, the class of 1952, made our first appearance in high school. We were rather shy and quite awed by the mighty "upper classmen."

After our first excitement had subsided, we began to get into the swing of high school life, under the watchful eye of Mrs. Lambeth. We elected our class officers, with Howard Coble, President, and then got to work. Our outside activities were few, with only a couple of parties, but we let our aggressiveness be seen by electing Jane Toler Harvest Queen.

Before we knew it, the year was completed and we were now Sophomores. We entered with a little more confidence. Our president was "Butch" Culbreth, and Mr. Dawson became our adviser. Our activities were a bit more numerous this year, and we followed the tradition of honoring the Seniors with the Senior-Sophomore party in the spring of 1950. This and a few class parties concluded our Sophomore year.

When we returned as Juniors in the fall of '51, we were very much aware of the responsibility placed upon our shoulders. There were our rings to be ordered, class play to be given, and numerous activities leading up to the all important Junior-Senior Banquet at which we were to be hosts. Mr. Dawson was our sponsor again. Libby Hunt was elected president, and we set to work. We had little time for parties as most of our time was taken up with the play, "Twixteen", brunswick stews, square dances, and other profit-making activities.

Finally, the date and place for the banquet was set. It was on April 27, 1951, at the Sedgefield Inn. Everything was grand and will long be remembered by those who attended it.

In May came graduation. We helped with the commencement exercises by presenting our daisy chain to the Seniors. We were sorry to see our classmates leave but were glad to be replacing them as Seniors.

Returning for our final year in September, 1951, again under the guiding hand of Mr. Dawson, we were fully aware of the tasks ahead. Janet Hanner was elected president, and we dignified (?) Seniors went about our duties. The chief things accomplished were the class play, publication of the *Hi-Lights* and *Spotlight*, and preparations for graduation.

The Junior-Senior was an event that we shall always remember. It was wonderful to be honored in this way. Then came the Senior-Sophomore party and many other special occasions.

Doris Coble was chosen by the high school to receive the Civitan Award.

Graduation was upon us before we knew it. This history ends when we receive our diplomas. Each individual will write his own future history through his deeds.

# Last Will and Testament

We, the Senior Class of Nineteen Hundred and Fifty-Two, of Pleasant Garden High School, in the county of Guilford, the State of North Carolina, being of sound mind, and realizing our impending departure from this school, do hereby declare and make this our last will and testament.

## ARTICLE I

To Mr. Ayers, we wish to express our many thanks for the interest and leadership he has shown us during the past years. To our teachers, we leave our deepest appreciation for their efforts toward increasing our wisdom.

## ARTICLE II

To the buildings and buses we leave our deepest sympathy after the care we gave them for the past twelve years.

## ARTICLE III

To the undergraduates: To the Junior Class we leave the job of issuing the two great publications: the *Spotlight* and the *Hi-Lights*.

To the Sophomores and Freshmen, we leave our hopes that before long they will occupy the position that we now occupy.

## ARTICLE IV

Individual Bequests: During our years of school we have accumulated some well-known articles which we would like to bestow upon specific underclassmen. They are as follows:

Nancy Kirkman leaves to Ray Caudle her *good promises* of the future. Lester Denny wills his ability to drive and repair an A-model to anyone who will take the risk. Doris White leaves her position on the *Spotlight* staff to Peggy Crymes. Don Moore leaves his desk in the Senior English class to Sam Boyd. Jean Willard wills her desire to sleep in shorthand to Pat Fogleman. Theba McInnis wills her "knack" for getting to school so early every morning to her sister, Roberta. Joe Hackett leaves his basketball ability to Holman Flynn. June Vernon wills to her sister, Mary Lou, her title "the Cutest" in hope that she can capture the honor in her Senior year. Rosa Fox leaves her weight to be divided between Viola Jones and Billie Joan Stubblefield. Bobbie Newman bequeaths her brown eyes to Inez Osborne. Betty Lou Coble leaves her ability to blush to Bootsie Corsbie. Doris Coble leaves her love for good food to Bobbie Barker and hopes she makes good use of it. Walter Williams leaves his position in agriculture class to Bill Glass. Randall Jobe leaves his shyness to David Sillmon. Betty Thompson leaves her ability to laugh at nothing to Jack Yow. Mildred Warfe leaves her writing ability to Max Way. Janet Hanner leaves her position on the *Spotlight* staff to anyone in the Junior class who likes to work three periods every day cutting stencils. James Glass leaves his jokes to Frank Marion. Carol Marley gives her job as County School reporter to Mary Catherine Neece and hopes that she will like the job. Mary Lou Satterfield leaves her *Yankee Brogue* to Jackie Voss. Libby Hunt leaves her Duke spirit to Mrs. Lambeth. Bill Nesbit leaves, and if he leaves anything worthwhile, it is to be divided among the Juniors. Hadley Hunt wills his ability to know what Mrs. Gray is talking about to Jim Garner and hopes that someday he will get an A+. Butch Culbreth leaves his naturally curly hair to Mr. Robert Ayers, and hopes he can keep it. Roland Jobe leaves his popularity to Wayne Reynolds. Mary Nell Sillmon leaves all her good times in high school to Sarah Frances Fields. Joe Collins leaves his ability to come to school on time to Bob McInnis. I, Howard Coble, leave my height to Bobbie Joe Hackett and hope he can use it to some advantage.

We hereby appoint Mr. J. Leroy Dawson, our class adviser, as sole executor of this, our last will and testament.

In witness whereof, we the Senior Class of 1952 do set seal on this, the thirtieth day of May, in the year of our Lord, Nineteen Hundred and Fifty-Two.

# Class Prophecy

Well, I guess it's the gypsy in me—I don't know any other reason why they chose me to foretell the class prophecy. I will now gaze into this crystal ball to see what the future holds for this grand class of 1952.

*Turn onward, Turn onward  
Oh time in your flight  
Let me see the graduates of '52  
Ten years from tonight!*

Rosa Fox has been looking around for an office to hang her shingle on. You know she is a dentist, I suppose. I always did wonder why she worked so hard to build up those muscles. "Hold on to the chair, patients, please."

If you people have been reading the newspapers, you know that one of the top scientists of the day is none other than Mary Nell Sillmon. They say she is a wizard and can split an atom to the N-th degree. Watch for big things.

My, that new filling station that Joe Collins is building is really swell. Some people wonder how he does so well, but I would like to know if his conscience hurts him when he sells three quarts of gas for a gallon.

Howard Coble is doing quite well for himself in his hardware store in Climax. He says the women don't buy rolling pins any more, but to tell the new brides he has another supply of can openers.

April's issue of *Charm* really disappeared from the newsstand, but no wonder. Our own Doris White's face smiled prettily on the cover wearing a new Easter Bonnet. She really is a lovely model.

Say, who is that smiling nurse coming out of room 209 in Duke Hospital Libby Hunt, of course. Who wouldn't get sick just for her to hold their hand.

"Butch" Culbreth, history teacher of fifth grade at dear old P. G.. Yes, children, Columbus discovered America in 1492, but the world discovered us, and we made history in 1952.

What's on that sign on that new office on Main Street Hadley Hunt, Professional Dentistry, Painless Extraction. We don't know about that, but that tall blond fellow is really an attraction.

Nancy Kirkman has just been elected president of the North Carolina Society of Cosmetologists. She specializes in permanent waves, facials, and, oh, yes getting rid of double chins, too.

Don Moore is now manager of the Western Auto Store just above P. G. Post Office. He can hardly keep enough parts for the Hot Rods the boys are driving around. He complains he can't sell them any speedometers.

June Vernon won the most blue ribbons at the fair this year. She is a wonderful housekeeper. No wonder her husband is putting on weight—with her doing the cooking.

Roland Jobe is the fellow to call when you need to have the sink unstopped. I understand he is a first-rate plumber. He should be—he cut his teeth on a pair of pliers in his Father's garage.

Lower the gang plank, folks. Do you see who I see? None other than our own Bill Nesbit, who is now in the United States Marines.

"Take a letter, please, Miss Janet Hanner." She is secretary to the President of the largest bank in Pleasant Garden.

Walter Williams and Joe Hackett are two of the most successful farmers of our day. I've heard they had to build larger barns this year and they are buying new machinery. What they learned in F.F.A. must have been worth a lot.

Say, what's this? Buy your tickets for the wrestling match tonight. JEAN WILLARD DEFENDS HER CHAMPIONSHIP TITLE. Well, all I can say is, it should be exciting.

Bobbie Newman is now Librarian in one of the city schools. She is very efficient and keeps every book in its proper place. I wonder if she makes the students keep quiet. We remember the library periods in 1952.

Theba McInnis, as you know, attended W. C. She liked it so well that she is now on the faculty there. EXTRA! EXTRA! EXTRA! Read all about it. Up-to-the minute interesting news written by none other than Carol Sue Marley, news reporter for *The New York Times*.

Mildred Warfe is now running a nursing home. She is so kind and good to all of them. Who knows Maybe some millionaire from Pleasant Garden may will her a fortune some day.

Pleasant Garden is really proud of Randall Jobe. He is a general in the Air Force. Mayor James Glass planned the big parade the last time General Jobe came home. It started at Hunt's Furniture Company and ended at Jones' Barber Shop.

Say, who is that going in the parsonage? The former Doris Coble, she is the bride of the new Methodist minister. She always was a wonderful person.

Mary Lou Satterfield made the headlines on the sport page when the Boston Red Sox won the pennant. You know she is manager of the team. Her manager hopes she will retire in the future and manage their own five players.

If any of you fellas and girls go sailing on the sea of matrimony—on your honeymoon, how about dropping in to see Betty Thompson in Florida? I understand she has quite a fleet of yachts.

I suppose you wonder what this crystal ball holds for me. My, it looks interesting, but right now you can see, I am too busy with the future of my classmates.

## Class Poem

As we stand on the threshold of graduation,  
We mark the first goal of our education;  
We have worked and studied through our high school days  
To prepare for the journey of life's crowded ways.  
Our parents and teachers have wisely tried  
To help us aright, and our footsteps to guide.  
Our classroom discussions may pass from our mind,  
But beacons of truth in their teachings we'll find.  
For some of us school days may come to an end,  
But life's achievements on each of us will depend;  
Wisdom is not gained, nor learning completed,  
Struggles await with problems undefeated.  
All of life is a laboratory for learning,  
Our efforts will determine our power of earning;  
Our schooling is not over—it's just beginning,  
The victories of life are ours for the winning.
